

Public Information: 2016-17 Employer Satisfaction

Learn. Practice. Perform. Relay's approach to teacher and school leader preparation is focused on what educators do in classrooms and schools. We see the school-based colleagues of our teachers and school leaders as partners in developing the next generation of effective and inspiring educators.

Each year we ask our school-based partners to evaluate the teachers working in their schools who are enrolled at Relay. At the close of the 2016-17 school year, **93%** affirmed that **Relay's coursework helped their teachers become better.**

Among those same school leaders, **93%** believe they are getting a valuable return on their investment of having teachers attend Relay.
